Summary of spending 2019/2020

Objectives in spending PPG:

- Close the gap between pupil premium and national other
- Ensure progress is accelerated for these children
- Continue to improve attendance of our disadvantaged children, in particular those who are persistent absentees.
- Supporting PPG children with nurture and pastoral sessions

Main barriers to educational achievement faced by eligible pupils at the school

- Some children continue to have poor attendance or sporadic attendance (in particular the persistent absentees)
- Some children have a lack of confidence and self-esteem which affect their behaviour for learning
- Some children find it difficult to manage their social and emotional responses
- Some children find it difficult to focus and concentrate with a good attitude to learning
