Dear Clayton,

I have heard all about your fantastic fundraising stall for JDRF, and you did a fantastic job of raising £110 to help us in our mission to cure, treat and prevent type 1 diabetes. Thank you!

The money you have raised will help some very clever scientists search for the cure for type 1 diabetes.

- £10 might buy some special fluorescent dye to make looking at cells easier
- £15 might buy a laboratory coat and a pair of special gloves for a scientist so that they can do their work safely.
- £50 could enable 50 parents to return to work, safe in the knowledge that their child's type 1 diabetes will be carefully managed at school, thanks to JDRF's e-learning modules.
- £70 might buy 7 hours use of a special laser-powered microscope
- £110 could mean that 11 recently diagnosed children no longer feel alone with their type 1 diabetes. They now have a fluffy best friend called Rufus who also has type 1 diabetes.

Thank you again for all your fabulous fundraising!

Best wishes

Danni
