'Broadening Horizons'

24th May 2021

Dear Parents/Carers

Please read this information carefully as it contains curriculum coverage for the teaching of Relationships Education, Health Education and Sex Education in Summer Term 2.

From September 2020, Relationships and Health Education became compulsory in all primary schools and parents/carers do not have the right to withdraw their children from these subjects. We believe that this work is an important part of safeguarding children as knowledge empowers them, helps them to stay safe and cope with puberty by understanding why their bodies will change.

At Bonneygrove, we define 'sex education' as 'understanding human reproduction'. This is in line with the Jigsaw scheme that we use. Parents **have the right to withdraw** their child from particular lessons which include human reproduction. These are outlined in **red** below and feature only in Y4/Y5/Y6. If you do wish to withdraw your child from the human reproduction parts in Y4/5/6, please complete the withdrawal form at the end of this document. Withdrawal requests can only be approved by the Head Teacher.

Why is this RSHE curriculum needed?

There are four main aims for teaching RSE within the context of Primary School PSHE

(Personal, Social, Health Education):

- More than ever before, children are exposed to representations of sex and sexuality through the social culture around them. The unregulated content on the internet or social media, can mean children may be exposed to dangerous, confusing or scary content. We can prepare them for this by presenting a balanced view of positive healthy relationships to help them to be discerning and to stay safe.

The National School Travel
Award 2018

- There is much independent research showing most parents and carers value the support of schools in providing Relationship and Sex Education for their children. Parents and schools want children to be safe and happy.

- A range of independent research consistently shows that effective Relationship Education delays first sexual experience and reduces risk-taking in young people.

- Surveys of children and young people, as well as Ofsted, have repeatedly said that Relationship and Sex Education tends to be "too little, too late and too biological". This is one of the many reasons why the Department for Education has made Relationships and Health Education compulsory in primary schools from September 2020, with an emphasis on Relationships Education.

If you do have a concern, we would ask you to refer this directly to your child's class teacher in the first instance and prior to making a withdrawal request, who will always be happy to support.

What will my child actually be taught about puberty and human reproduction?

The Jigsaw unit '*Changing Me*' is taught over a period of 6 weeks in Summer Term 2. Each year group will be taught appropriate to their age and developmental stage. If a question arises and the teacher feels it would be inappropriate to answer, the child will be encouraged to ask his/her parents/carers at home. The question will not be answered to the child or class if it is outside the remit of that year group's lesson.

Year group	Piece Number and Name	Learning Intentions
4	Piece 2 Having A Baby	<ul style="list-style-type: none"> • correctly label the internal and external parts of male and female bodies that are necessary for making a baby • understand that having a baby is a personal choice and express how they feel about having children when they are adults <p><u>Parents do have the right to withdraw children from this session as it is classed as human reproduction.</u></p>
	Piece 3 Girls and Puberty	<ul style="list-style-type: none"> • describe how a girl's body changes in order for her to be able to have babies when she is an adult, and that menstruation (having periods) is a natural part of this • know that they have strategies to help them cope with the physical and emotional changes they will experience during puberty
5	Piece 2 Puberty for Girls	<ul style="list-style-type: none"> • explain how a girl's body changes during puberty and understand the importance of looking after themselves physically and emotionally

		<ul style="list-style-type: none"> understand that puberty is a natural process that happens to everybody and that it will be OK for them
	Piece 3 Puberty for Boys	<ul style="list-style-type: none"> describe how boys' and girls' bodies change during puberty express how they feel about the changes that will happen to their bodies during puberty
	Piece 4 Conception	<ul style="list-style-type: none"> understand that sexual intercourse can lead to conception and that is how babies are usually made understand that sometimes people need IVF to help them have a baby appreciate how amazing it is that human bodies can reproduce in these ways <p><u>Parents do have the right to withdraw children from this session as it is classed as human reproduction.</u></p>
6	Piece 2 Puberty	<ul style="list-style-type: none"> explain how girls' and boys' bodies change during puberty and understand the importance of looking after themselves physically and emotionally express how they feel about the changes that will happen to their bodies during puberty
	Piece 3 Babies - Conception to Birth	<ul style="list-style-type: none"> describe how a baby develops from conception through the nine months of pregnancy, and how it is born recognise how they feel when they reflect on the development and birth of a baby <ul style="list-style-type: none"> <u>Parents do have the right to withdraw children from this session as it is classed as human reproduction.</u>
	Piece 4 - Boyfriends and Girlfriends	<ul style="list-style-type: none"> Understand how being physically attracted to someone changes the nature of the relationship and what that might mean about having a girlfriend / boyfriend Understand that respect for one another is essential in a boyfriend / girlfriend relationship and that they should not feel pressured into doing something they don't want to do

Parents /carers are invited to view the lesson materials if they wish to do so on

Thursday 27th May. This will take place in your child's classroom straight after school. Parents / carers will have the opportunity to ask their child's teacher any

questions they may have about Relationship and Sex Education in Bonneygrove. The Jigsaw lead and a member of the Headship Team will also be available.

Parent / Carer Form: Withdrawal from sex education within RSE.

<u>TO BE COMPLETED BY PARENTS / CARERS</u>	
Name of child	Please circle your child's year group: Year 4 Year 5 Year 6
Name of Parent / Carer	
Reason for withdrawing from human reproduction elements in Y4/5/6	
Parent /Carer Signature and Date	

Please return to your child's class teacher by Friday 28th May 2021
