

Bonneygrove Primary School Newsletter

21st July 2021

I couldn't resist. I feel like one of those people who leave the party but sneak back in for another glass of water (or other cold drink). There have been too many exciting things, that we did not share last week not to do a 'mini-newsletter'. So a short but sweet update on the last few days of the summer term just to keep you going over the holidays- enjoy!

Amanda Gable

Evie-Beau (Eagle Class) - Football

On Wednesday we played football against the teachers and I played on the right wing with Oscar, Frankie and many others. Mr Waller scored the first goal and the teachers were winning 2-0 at half time. After the break we scored 2 goals and then the teachers scored one more before giving away a penalty. Mr Marshall was sent off and Ray scored a great penalty. The score was 3-3 when Miss Gursoy blew the final whistle. The game went to penalties and we won 1-0. Rocco was awarded man of the match for his unbelievable saves. Better luck next time Bonneygrove teachers!

Darcy (Kestrel Class) - Netball

The netball game against the teachers was a very nerve-racking experience but one I will never forget. I played wing defence alongside Ruby, Stevie, Bejna and many others. Unfortunately, I had the hard task of marking Mr Marshall!! He played very dirty and pushed and shoved my tiny self all over the court. The scores were very close, but the teachers won by 2 goals. It was a fair game and the whole team played very well. We all had lots of fun!

Science leapt into action this week all around the school as children took their curiosity to new dimensions. They experimented and tested a range of hypothesis and participated in scientific enquiry. Outdoor Classroom Week gave teachers the extra reason to take the learning outside (and to make a mess)! Children embraced the challenges that nature provided, and teachers organised experiences ranging from toasting marshmallows and burning off the calories in a HIIT session, to making journey sticks and becoming rocket scientists using coke and mentos. All conducted under strict scientific and health and safety conditions of course!

Horizon's Garden Re-fresh

Our Horizons Garden was given some TLC to prepare for the Autumn Term. The little shed is also being 'upgraded' with a plan to turn it into a small book swap space. Instead of piling up your finished books at home you'll be able to bring them in and swap them for a 'new' one. Children and adults will have access to a range of reading all year round!

Bonneybeach Pool, Ball & Bubbles Party

We would like to thank **Wes Pierce** at Number 8 Events for the kind donation of the star shade and stage. This enabled our whole school to host assemblies during the Covid lockdown.

**NUM8ER
EVENTS**

Reception classes took the plunge with a beach themed outdoor session. Cooling off with a paddling pool and shaded games.

Science/Outdoor Learning Week

Year 5 Custard Walking

Most people eat custard but Year 5 decided that they could have more fun by putting their feet in it. Do not worry they did not eat it after.

Mrs Gable's farewell assembly was a lovely occasion for the whole school to come together for the first time in 16 months.

Although we are sad to see Mrs Gable leave us, we wish her all the happiness in her future endeavours.

Dates for Diary

Dates	Event
Thursday 22 nd July 2021	Teacher Training Day - School closed to students
Wednesday 1 st September 2021	Teacher Training Day - School closed to students
Thursday 2 nd September 2021	First day of term - children return to school Years 1 - 6
